

The Listening Game

catch the very last of the sound

My name _____ Age _____

- 1 A grown-up rings a bell or taps a glass.
- 2 Listen. Listen. Keep listening.
- 3 Hand up the moment the sound has gone.

Colour a star every time you play.

Draw something else you could hear.

FOR THE GROWN-UP

Ring once, wait for the hand, then pause before the next round. Five rounds is plenty. There is no winning and no wrong moment - noticing is the whole game.
